conserve costs while providing color to the customers who really require it and then only on the targets which have a color requirement. This would also preserve most of the resolution of the B&W film where color is not required. [ ] recommended ICRS receive the briefing being prepared by [ ] on this subject.

REPORT ON SATELLITE OPERATIONS

10. [ ] reported that there was no change to the launch schedule as presented at the last meeting with the exception that the 3 September launch date for 1052 was not firm. The entire CORONA schedule is to be reviewed on 15 August 1969, and therefore all planning criteria and orbit select information for 1052 will be needed by 5 August 1969. Schedule is as follows:

CORONA

1052 - 3 Sep 69 (Last J-1)

11. [ ] reported that the forward looking camera had failed on rev 1. No MC&G requirements could be met since this is a stereo requirement. He noted the weather was generally poor and they were planning on a 9 day first-bucket.

12. [ ] reported that he had been directed to insure special attention was given to the Sino-Soviet border area on 1107 because of high level interest in this area. Since most of the border area was in the Priority One Holiday Area, a lower weather criteria was recommended to the NRO.

SOUTH CHINA/NORTH VIETNAM PRIORITIES LIST

13. No changes were made to the priorities list.

TARGET UPDATES

14. The weekly transaction sheets containing: 134 Additions  
37 Changes  
6 Reactivates  
78 Inactivates  
76 Deletions were approved.

One hundred and twenty-seven (127) actions (119 Additions, 6 Changes, and 2 Inactivates) were held in a pending status until the next meeting.
